

Name: _____

Date: _____ 

ACTIVITY: Spinoffs

Directions:

Based on specific directions from your teacher, research the following websites and gather information regarding several NASA spinoffs.

- http://www.nasa.gov/audience/forstudents/postsecondary/features/F_NASA_Spinoff.html
- <http://www.spacetechnology.org/>
- <http://www.sti.nasa.gov/spinoff/database>
- <http://www.nasa.gov/topics/nasalife/index.html>
- <http://science.howstuffworks.com/ten-nasa-inventions.htm>
- <http://dsc.discovery.com/tv/nasa/home-and-city/home-and-city.html>
- <http://www.nasa.gov/externalflash/nasacity/>

Your Mission

1. As you explore the above websites, list at least ____ products that you think are cool.
2. Look up each one in the Spinoff database to get even more information.
3. Create a paper/pencil database of at least ____ NASA spinoff inventions with at least ____ fields.
4. Create an Excel spreadsheet with your fields and the data you collected.

This activity is due on _____.
