

ANSWER KEY: Weather KWL Chart (Level 1)

Directions:

Draw a similar chart on the board or pull this document up and type directly into as you hear the responses to these questions from your students. If you are not familiar with the KWL chart method, learn more by typing in “KWL Chart” and “Oglie” in a search engine text box.

To learn more about anticipation guides, type in “anticipation guide” and/or “guided comprehension” in a search engine text box.

The students will rely on your guidance for when to read and when to reflect. If you break your students into small groups to complete the reading, anticipation guides and the KWL chart, assign a timekeeper to keep them all on task with each document.

K What do you KNOW?	W What do you WANT to Learn?	L What did you LEARN?
